# NOTES

The Active Lives Children and Young People Survey is an online survey carried out by Ipsos MORI. Each term, a number of schools are randomly selected to take part in the survey, with the aim of getting 100,000 children and young people in Years 1 to 11 to complete it each academic year. The survey runs on an annual basis. More information on the survey can be found on the Sport England website. <https://www.sportengland.org/>

### SURVEY TIMINGS

Fieldwork for the survey took place between 2nd January to 14th April 2019.

### SAMPLE

209 pupils from 3 classes completed the survey:

63 Pupils from **Year 5**,

71 Pupils from **Year 6**,

75 Pupils from **Year 7**,

### NATIONAL REPORT

The second national report by Sport England will be published in December 2019 and will be accessible via the Sport England website. That report will include data from the 2018/2019 academic year.

### NO DATA AVAILABLE FOR THIS METRIC

You may see this message in place of a chart or statistic. This is shown when there were fewer than 30 pupils answering the question overall or for the breakdown presented (e.g. boys and girls).

### NATIONAL DATA WITHIN THIS REPORT

On some pages national level data from the 2017/18 academic year is shown for reference. In your school these are national figures from Year 1-11 (base:109,503). Go to <https://www.sportengland.org/media/13698/active-lives-children-survey-academic-year-17-18.pdf> to see the full National Report for 2017/18.

### LIMITATIONS OF THE DATA

Due to the small numbers of pupils from your school that have participated in the survey, it is not possible to make reliable comparisons between your school results and the national level data. National data is therefore only provided as an indication of the national picture. Any differences between groups may be down to the small sample sizes and may not be real differences.

### MEASURES OF ACTIVITY

**Moderate activity** is defined as activity which makes pupils breathe faster.

**Vigorous activity** is defined as activity which makes pupils hot or tired.
